

Are you interested in kick starting a career in television? Would you like to be part of an amazing team on a hit Discovery series?

Then

GOLD RUSH

Would love to hear from you!

We are looking for technically minded and forward-thinking individuals to join our team of Digital Imaging Technicians from April 2024 onwards. Key aspects of the role include the safe-keeping and data wrangling of footage from our cameras in the field, quality control and some junior editing responsibilities such as cutting and transcoding. Though previous experience would be welcome, it is by no means essential as full training will be given. If you are interested, please email matt.werendel@raw.co.uk with your resume and a short cover letter containing your availability between April and October 2024, along with a note of any relevant experience and why you would like to join the team.

Please note applicants should be 21 years or older.
